# PRODUCT CERTIFICATE

BCCA declares that has been established that the applicant

**AMITECH Germany GmbH  
Am Fuchsloch 19  
04720 Mochau Ot Grossteinbach (DE)**

takes the necessary measures in order to ascertain that the products:

**THERMOSETTING PIPES AND ACCESSORIES**  
Plastic pipes and accessories for water supply with or without pressure, in glass-reinforced thermosetting plastics (GRP) based on unsaturated polyester resin (UP) – Manholes and inspection chambers

manufactured in the factory located at:

**AMITECH Germany GmbH  
Am Fuchsloch 19  
04720 Mochau Ot Grossteinbach (DE)**

can be in conformity with the performances described in  
**pr EN-15383**

The detailed product description is included in a product catalogue managed by the manufacturer and validated and certified by BCCA.

The certificate is delivered based on a study and an acceptance of the relevant **initial type tests (ITT)**, executed on relevant samples taken from the production unit and on bases of an initial inspection of the production and the **factory production control system (FPC)**.

BCCA confirms that the manufacturer applies a valid production control system and executes regular testing on samples taken from the production according to a fixed testing program. BCCA supervises the production and the production control system during the yearly audit of the FPC, periodical control of the internal control results and witness-testing.

On bases of the delivery and the maintenance of this certificate, the manufacturer is authorized to use the BENOR-logo as a means to attest the conformity of his products.

This certificate is valid during the period mentioned left side of this document, provided that the specification of the standard and the regulatory conditions are not modified.

Brussels, 12/08/2011.
